DOCKETED BY 

Yearly water loss report for 2013

Enclosed are copies of water loss and water sold for the calendar year 2013. As always we have fixed many leaks over this year, but our water loss seems to be less.

Our water lines consist of approximately 30 miles of pipe through rural areas and a leak is not always discovered as quickly as we would like. We will continue to monitor our lines as we work towards reaching our goal of 10% or less water loss.

Our total gallons pumped for the year is 3084804 and the gallons sold are 2638983.

If you have any questions regarding this report please call 928-372-2236 or contact us by mail at the address above.

Respectfully,  
Eagletail Water Co., LLC
